

2023 LASG 5th Postgraduate Academic Forum

Final Circular

Background

The Postgraduate Academic Forum is a free and relaxed platform for graduate students to exchange their outstanding research results. The State Key Laboratory of Numerical Modeling for Atmospheric Sciences and Geophysical Fluid Dynamics (LASG), Institute of Atmospheric Physics (IAP), Chinese Academy of Sciences (CAS), plans to hold the “2023 LASG 5th Postgraduate Academic Forum” in Beijing. And this forum will focus on the following topics:

- Earth system model development and application
- Weather and climate dynamics, mechanisms of climate changes and anomalies
- The predictability of weather and climate, advanced theories and methods of climate prediction
- Macro evolution and mechanism of geophysical fluid

Time and Venue

Morning of April 9,

lecture hall (the 12th floor of No.3 building) (Session A)

Room 1218 of No.3 building in IAP (Session B)

Forum Format

Oral reports and posters will form the core of this forum. Participants arranged in the poster session may also have to share their research highlights within 3-5 minutes by PPT. The excellent reports and posters will both be awarded.

Requests

The abstract, PPT and poster should be in English. The oral report can be in either Chinese or English.
